Leaders, It takes trained leaders to carry out this Christian mentorship ministry.

The Royal Rangers program provides leader training to mobilize, inspire, and resource leaders to achieve their greatest success and effectiveness. Royal Rangers training is based on three core values:

- **Spiritual Development.** All classroom and event-based leadership training will have a spiritual emphasis.
- **Ranger Skills Development.** Training will focus on the seven methods Royal Rangers use to minister to boys. Ranger skills are a key component of this success.
- **Leadership Development.** Leadership development will be key as Royal Rangers moves to become a boy led, adult facilitated ministry.
